

100kW off-grid solar energy storage cabinet grid inverter brand in north america

Overview

Designed for demanding industrial applications, off-grid setups, and solar-powered infrastructures, it combines a 100kW hybrid inverter, 207kWh of scalable LiFePO4 batteries, and intelligent EMS in a single cabinet. We offer full OEM & ODM support: The Symtech Solar Battery Energy Storage Cabinet (MEG 100kW x 215kWh) is a fully integrated, PV-ready hybrid energy storage solution designed for both on-grid and off-grid applications. Built with Tier 1 LFP battery cells (EVE), this system delivers safe, reliable, and long-lasting performance. This industrial and commercial. Ship to the closest hub to avoid possible residential and lift-gate fees Ship to my confirmed business address that has a dock or forklift Ship to my confirmed business address Ship to my residential address Special Instructions?

The item you are trying to purchase is currently out of stock. Equipped with a reliable Growatt inverter, it supports flexible battery options including rack-mount and stackable batteries.
