

Ark Survival Evolved Solar Power Generation

Overview

This mod adds a "Solar Panel" structure which can be learned at level 59, and requires the generator engram. Each battery will give you an extra hour of in-game power after the sun sets. A large machine that converts gasoline into electricity. In keeping with that theme RedDwarf (myself) and Pleasure have teamed up to build a working solar panel for ARK, completely from scratch. Inside the Solar Panel, you can craft Rechargeable Batteries.), how to use, wind turbines in ark. One of the 3D modelers, named "Pleasure", made a great youtube tutorial showing how to build the model, and after he was done, I wrote up a wiki article that walks players through how to setup the model and make it function as a solar panel. Can you imagine how bad the workshop.
