

Australia's new solar power generation system

Overview

Australia's latest CIS Tender 4 has delivered a landmark set of 20 clean energy projects, totaling to a massive 6.6 GW of renewable capacity and 11. The 425MWdc Wellington North solar PV power plant. 3GW of solar PV installations in 2024, marking a recovery for the market while highlighting the nation's unique position as a rooftop-dominated solar economy. According to figures from the. On behalf of the Australian Government, the Australian Renewable Energy Agency (ARENA) has announced it has approved \$65 million in funding to Vast Solar to construct VS1, a first-of-a-kind 30 MW / 288 MWh concentrated solar power (CSP) plant in Port Augusta, South Australia. ARENA's funding for. Energy retailers will be made to offer free power in the middle of the day, as the government seeks to spread the benefits of solar power. Our solar research has been part of Australia's energy story for 70 years, and we're still innovating.

Article Content

The 20 Solar, Wind and Battery Projects Approved by Australia in ...

Australia's latest CIS Tender 4 has delivered a landmark set of 20 clean energy projects, totaling to a massive 6.6 GW of renewable capacity and 11.4 GWh of battery storage. ...

Australia's record 5.3GW solar installations cannot ...

Australia achieved a record-breaking 5.3GW of solar PV installations in 2024, marking a recovery for the market while highlighting ...

Australia's clean energy pipeline grows 24% to 56.6 GW

The Australian Energy Market Operator (AEMO) reported a 24% rise in new generation and storage capacity across the National Electricity Market (NEM), reaching 56.6 ...

Five of our solar innovations shaping Australia's ...

Our research is unlocking new possibilities for solar energy, redefining how Australia generates and uses power.

Australia's Largest 1.35 GW Hybrid Solar and ...

Located in Queensland's Central Renewable Energy Zone (REZ), the project combines Elements Green's global development ...

One step closer towards Australia's first ...

On behalf of the Australian Government, the Australian Renewable Energy Agency (ARENA) has announced it has approved \$65 million in funding ...

Australia powers ahead on rooftop solar as nation set to achieve ...

Australia's rooftops continue to be a clean-energy powerhouse, with new data from the Clean Energy Council released today showing rooftop solar provided 12.8 per cent of the ...

Australian households to get free electricity three ...

Australian households will be able to access free electricity for three hours every day, in an effort to encourage energy use when excess ...

Solar power in Australia

A number of states have set up schemes to encourage the uptake of solar PV power generation involving households installing solar panels and ...

List of Australia's Largest Solar Farms (2026)

Discover Australia's largest solar projects in 2025. Explore details on capacity, locations, and developers.
