

Bangladesh supercapacitor module manufacturer

Overview

SECH designs, develops and supplies customized energy storage and power delivery solutions based on ultracapacitors, also known as supercapacitors for applications in automotive, mass transportation, electricity generation and distribution as well as industrial markets. With its differentiated technology, including a long lifespan, rapid charge/discharge, and a wide operating temperature range, Vinatech provides high-performance supercapacitor solutions. Electro Mart Limited (EML) is a prominent manufacturer and distributor of electrical and electronic products in Bangladesh, including a variety of consumer electronics such as air conditioners and refrigerators. Their expertise in HVAC systems and partnerships with renowned brands like DAIKIN and. Supercapacitor modules/systems are high-performance energy storage devices composed of multiple supercapacitor cells. Harvest power from regenerative braking systems and release power to help hybrid buses accelerate. Our ultracapacitors, modules.
