

Damascus imported solar air conditioner

Overview

Inverter imports are the backbone of Syria's growing solar energy sector. However, fluctuating Damascus inverter import tariff prices directly affect project budgets and ROI. Here's what you need to know: As of July 2024, Syria applies a 15-25% import duty on solar inverters. How is a solar air conditioner shipped?

Packaging: The solar air conditioner unit is securely packaged to protect it from potential damage during transportation. The packaging typically includes foam padding, cardboard boxes, and other protective materials. **Transportation:** The solar air conditioner. Deye's innovative solar air conditioner series represents a breakthrough in sustainable cooling technology, combining eco-friendly operation with powerful performance. Price and other details may vary based on product size and color. At the heart of our systems beats a rotary DC-powered compressor, a true marvel of engineering that infuses our air conditioners with.
