

Delivery date of 1MW outdoor communication cabinet for workshop users

Overview

Available in NEMA 4X configurations, the WOD-78DDXC ensures reliable performance in extreme conditions, including heat, cold, wind, rain, and ice. Backed by an industry-leading 15-year warranty, this American-made enclosure delivers unmatched durability and value. Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies. Voice and data communication cabinets and racks hold equipment for providing service in voice and data communication networks. Also known as server racks and cabinets, they allow users to secure their data and communication connections. This series represents our premium fully enclosed heat exchanger outdoor cabinets. Crafted from AlumiFlex®, a strong but lightweight material, it offers steel-like strength to support the heaviest equipment while resisting corrosion.
