

Earthquake-resistant financing for resorts using outdoor telecom enclosures

Overview

Government-guaranteed loans, such as SBA 7 (a) loans or USDA Business & Industry (B&I) loans, can be highly advantageous for financing RV parks and mixed-use developments that may include cabins, glamping accommodations, and recreational amenities. With the current demand for outdoor recreational facilities growing, government-guaranteed loans can be a significant part of a developer's capital stack, reducing the need to raise private equity or seed investments from friends and family. CalCAP Seismic provides a post-disbursement risk management tool for financial institutions when they loan up to \$250,000 for seismic retrofit construction on existing commercial or residential buildings. The Building Science Resource Library contains all of FEMA's hazard-specific guidance that focuses on creating hazard-resistant communities.
