

Guatemala commercial solar

Overview

Guatemala is the second largest Central American power market, with a goal to increase renewable energy use. Utilizing 342 of our state-of-the-art Atlas 550W solar panels, this installation not only supports the energy needs of local businesses. This case study highlights the deployment of SRESKY Atlas Series solar street lights at a Shell franchise gas station in Guatemala. By introducing sustainable solar lighting technology, the project effectively addressed key challenges including high energy costs, grid instability, and safety. Rio Hondo, Zacapa, March 18, 2025 – Kruger Energy held an official ceremony today to dedicate Zacapa Solar and to announce an expansion project that will double the solar farm's installed capacity, from 9 to 18 MW. The expansion will be conducted in two phases to be completed by 2028, adding a. Spanish renewables company Ecoener SA (BME:ENER) said on Wednesday that its 74. El Carrizo solar farm in San Jose, Guatemala. BMR Energy acquired the Green Solar.
