

House roof tiles and solar panels

Overview

Just like solar panels, solar roof tiles convert sunlight into electricity, but they're made to look just like traditional roof tiles. Some models are actual roof tiles with integrated solar cells. Because traditional solar panels are quite bulky and need to be mounted directly on top of your existing roof, some people are put off. Yes, solar tiles are available in the UK, but there are only a few companies that provide them. These include GB-SOL, which creates blue solar slates in Wales, and Solecco Solar, which. Tesla Solar Roof tiles aren't currently available in the UK, and it's unclear when, if at all, the first UK installations are going to happen. They were. You should now have all the information you need to decide whether to buy solar roof tiles or solar panels. In terms of value for money, solar panels are the clear winner, producing more solar electricity at a lower cost – which.
