

New Zealand shop uses solar power

Overview

These stores trade under The Warehouse, Warehouse Stationery, Noel Leeming and Torpedo7 banners, across Northland, Auckland and Waikato, which are now drawing 25 per cent of the power of Lodestone Energy's 64-hectare Kaitaia solar farm. We're working hard behind the scenes to make solar available for customers joining us in the Powershop Lab app. Keep an eye on that inbox for updates on solar and other functionality as it lands! Don't waste your excess solar power, sell it to us and save on your power bill. Become a community-conscious business. Commercial solar investment can help New Zealand businesses reduce energy costs, lower their carbon footprint, and build long-term sustainability. And it has never been more affordable. 166MWp grid-connected solar panel. If you're in the Orion network, have solar + battery, and are connected to Ecotricity's VPP programme, you could be earning more from your excess energy - get paid 60c/kWh for peak export! Electricity generation is one of New Zealand's main sources of carbon emissions.
