

Octopus energy best tariff

Overview

For a typical household that just wants a plain, set-and-forget deal, the 12-Month Fixed "June 2025 v1" tariff is currently Octopus Energy's cheapest mainstream option at 25.6 p/kWh for electricity and 6.07 p/kWh for gas in South Wales (roughly 3% below the July price-cap). Get. Pop in your postcode to get a full list of our available and historical tariffs, and a price breakdown of each. Want to switch to Octopus?

Or if you're an existing customer and you want to switch tariffs, go to change my tariff on your online account dashboard. If you have an EV and charge overnight, Intelligent Go is often hard to beat for simplicity and low off-peak rates. Homes with batteries or solar often do well on Flux, where export. Octopus Energy is a UK-based gas and electricity supplier that places strong emphasis on renewable energy and customer service. Founded in 2015, it has grown rapidly and offers a wide range of tariffs designed to suit different customer needs. However, I am considering the agile or the tracker ones, but I have no indication on what are the prices there, as those are at wholesale market prices.
