

Price of 540w solar panels in Ireland

Overview

At the time of writing, solar panels for homes in Ireland typically range from €3,500 – €9,500, including a grant from the Sustainable Energy Authority of Ireland (SEAI). To qualify, certain criteria must be met relating to the property type, ownership, and system installation. This takes into account the government grant of up to €1,800. Prices vary depending on how many panels you need, whether you're adding a solar storage battery etc. The quick calculator below will give you a better idea of what. Curious about how many solar panels your roof can support and how much energy they can produce?

Get a quick estimate of system size, orientation, potential savings, and more. We'll answer your questions on pricing, shopping for (and choosing between) Solar PV companies. In Ireland, solar panels are now a practical choice for homeowners, thanks to lower costs, improved technology, and government support.
