

Price quote for a 25kW outdoor telecom enclosure for fire stations

Overview

Prices for outdoor telecom cabinets as of 2025 can run anywhere from \$900 to \$5,000, depending on design, materials, and integrated systems. Let's break that down: Why such a wide range?

Because not all cabinets serve the same function. These enclosures are critical for keeping cables, switches, routers, and power supplies secure, weather-resistant, and accessible for maintenance. HVAC climate control, electronic land panel, a side spool cabinet, extra battery support for battery backup, backup generator plug, reversible rack rails and a 3-point locking system for superior. Weather-resistant metal enclosure with integrated cooling, providing secure protection for telecommunications equipment in outdoor environments. Built to withstand harsh environments and extreme conditions, our enclosures ensure optimal protection and peak performance for your critical equipment. Need to request quotes for multiple parts?
