

# Thailand solar Energy Storage Investment Project

## Overview

The Asian Development Bank and Gulf Renewable Energy Company Limited have signed a \$350mn financing agreement to support the construction of two solar power projects paired with battery energy storage systems in Thailand, alongside a separate 68-MW solar plant. The Asian Development Bank and Gulf Renewable Energy Company Limited have signed a \$350mn financing agreement to support the construction of two solar power projects paired with battery energy storage systems in Thailand, alongside a separate 68-MW solar plant. The Asian Development Bank (ADB) has approved a \$350 million loan to Gulf Renewable Energy to build 194 MW of solar capacity, including two battery-integrated projects, in central Thailand. The two hybrid. A consortium of development finance institutions led by the Asian Development Bank (ADB) and IPP Gulf have signed a US\$820 million loan agreement for a solar and storage portfolio in Thailand, they announced today (28 November). Spanning eight provinces, the portfolio will generate approximately 140+ GWh of.
