

Transformer breaker in China in Japan

Overview

Our Custom Transformer Breakers are designed with durability and performance in mind, ensuring your energy solutions are both reliable and efficient, We offer competitive quotes to meet the budget needs of your business while maintaining the highest standards of quality. JSHP Transformer (JiangSu HuaPeng Transformer Co.) was found in 1967 and now it is a completely family owned manufacturer. JSHP Transformer still proudly keeps ZERO catastrophic. 2000+ installations worldwide ! ZF10 / ZCW10/ ZHW10 up to XGN ZF16 363KV, 5000A, 50KA. Combining efficiency, sustainability, and flexibility, our technology enables utilities and industries to optimize operations. TTDA manufactures medium voltage (MV) substation equipment. Our Vacuum Circuit Breakers (VCB) ranges from 6. 6kV to 36kV for Air Insulated Switchgear (AIS), Solid Insulated Switchgears (SIS) and Gas Insulated Switchgears (GIS). Our Ring Main Unit (RMU) is fully SF 6 insulated at a range of up to. Established in March 2006 and spanning an area of 10,686 square meters, we are dedicated to delivering exceptional products that embody professionalism and reliability. As a trusted exporter, we specialize in providing wholesale options that meet diverse industrial requirements, At Chanan New Energy, we focus on the research, development.
