

UAE Lithium Battery Energy Storage Cabinet Dustproof Type

Overview

Battery cabinet that includes Lithium-Ion batteries, Battery Management System (BMS), switchgear, power supply, and communication interface. Compatible with the Galaxy VS UPS. Our Lithium Battery Charging Cabinet is a specialized storage and charging solution designed to mitigate the unique risks associated with lithium-ion and lithium-polymer batteries. : 890 x 925 x 453 Including 2 Shelves. Option Outlets For Recharging Lithium batteries and Safety accessor More information?

Contact us about this product. Robust Energy Solutions is a UAE-based manufacturer specializing in lithium-based energy storage systems. With certified production in Jebel Ali Free Zone, we design systems to deliver safe, efficient, and scalable energy—customized to the needs of industry and infrastructure. Technological Advancements: Innovations in battery chemistry, thermal management. Safe storage of hazardous materials is a fundamental requirement across industrial facilities, laboratories, government departments, utilities, and research institutions in the UAE. Ventilation System: Built-in ventilation minimizes heat accumulation and prevents hazardous.
