

Warranty for ultra-high efficiency inverter cabinets used in ports

Overview

The warranty period is ten (10) years for 600Vdc and 1000Vdc models and five (5) years for 1500Vdc models and begins one (1) month from the date CPS ships the Product or the date of installation, whichever comes first. Chint Power Systems America Co., Ltd, warrant that all new inverter Products manufactured and sold by it ("Products") conform to applicable codes and standards in effect at the time of Product manufacture and are free of any defects. Highly efficient 20 to 150 kW (480 V), 10 to 150 kW (400 V), and 10 to 75 kW (208 V) 3-phase UPS for edge, small, and medium data centers and other business-critical applications. Galaxy VS is. The FCX Shore power solution dramatically reduces ship emissions as well as noise and vibration from ships in port. at a lower operating and maintenance cost than motor generator sets or running the ship's motors. [com/warranty](#) to ensure you have the correct Limited Warranty for your Covered Product. All-in-One Plug-and-Play Energy Storage Systems - from 50 kVA / 203 kWh to 300 kVA / 609 kWh Multi-circuit enclosed power meter - 16 or 48 current sensor inputs Fuses for energy. Speak with a highly qualified Vertiv Specialist who will help guide you to the solution that is right for you. You just saved this product to your dashboard to view at a later time.
