

Weight of JinkoSolar 550w photovoltaic panel

Overview

The Jinko 550w solar panel with 2278×1134×35mm (89. 38 inch) dimensions, is a first-rate monocrystalline solar panel made out of the highest-grade silicon. 29% efficiency, making it perfect for domestic and commercial on/off-grid solar installations. Monocrystalline solar panels are the best kind of solar panels with higher efficiency rates that make them outperform other types of. Please note: Warranty only covered under the condition that the end user has a valid COC certificate issued by a certified electrician / installer. Performance Warranty Key Features Mechanical Characteristics View / Download Jinko 550W panel specsheet View / Download Jinko 550W panel warranty JMHPower > products > Solar Panels > Solar Panel Types > 48 Volt Solar Panels > Jinko 550W 560watt 570watt High Power Government Solar panels Information Cable Cross Section Size 4mm², +400, -200mm/±1400mm length can be customized. Optimized electrical design and lower operating current for reduced hot spot loss and better temperature coefficient. 45% annual power degradation and 30 year linear power warranty.
